

LASER TREATMENTS FOR LYMPHEDEMA!!

Pam Hill
Lymphedema
Therapist
1739 Nuala St
Concord, CA
94518

FDA (LTU-904) approved
for breast cancer related
lymphedema

*Successfully used in Europe and Australia for over 15 years

*Low level—no heat- no contraindications-long-lasting results

*Treatments found to soften tissue allowing lymph flow to move through fibrotic areas & create open pathways, reduces edema volume and fibrosis

*Reduces overall traditional treatment time
